- Craft Paper, purple
- Cardstock, yellow
- Coffee Filter, white
- Chalk, white
- 3D Bats, black
- Glue dots or School glue

Optional: Pre-cut bat shapes to be used as 3D Bats (see template below).

Project Directions

1. Use scissors to cut around the edge coffee filter (this is your moon).
2. Use school glue to glue the white coffee filter onto the yellow card stock.
3. Lay purple craft paper on your work surface.
4. Glue your moon onto the purple paper (yellow side up).
5. Use the long side of the chalk to make streaks all over the top half of your paper. Use your fingers to rub the chalk to make it look "foggy".
6. Decorate your mural with star stickers, and use glue dots to attach bats and all of your found nature items!
